.....

As the entourage had exited Belle Chasse and headed for the first meeting of the entire Abel Danger UC to occur post 9-11 Stone's Clipper iPod went off with a very rare "flash" message from Amelia. "Abort, Abort, Spanner advises a body has washed up at the sight of the recovered BlackBerry. Abort, Abort. Authenticate 'wisker'".

A worried Stone pulled over to the shoulder of the road and turned on his emergency flashers, turned off the halogen headlights and illuminated the purple funeral lights behind the grill and below the rear license plate. Homi and Duke in the DHL van understood the signal and did a 180 degree turn across traffic and on the opposite shoulder turned on the flashers. Homi opened the rear doors of the DHL van exposing a trio of BDD11 double deckers that had been prepositioned into New Orleans incase the investigation of ACORN, BlackBerry and the FAF LaFarge SOW had gotten ugly. Fortunately until this moment, no Abel Danger assets had been harmed. With the incoming Flash message from Amelia, it appeared things could change.

As the Honda 350 pulled alongside the 1996 LT1 Limo Stone gave a signal with his left hand that Ariel understood. In keeping with the signal she drove the Honda into the woods after discharging her large male passenger. As Ariel and Diehard entered the aft right door of the Fleetwood, Homi and Duke came to Stone's window and delivered 7 Glocks, two NATO ammo cans filled with clips, and 5 TallyWhacker remote cel-phones.

Stone accepted the precious cargo and opened the trunk lid using the yellow button in the glove box. Homi and Duke hopped in the trunk, opened the 2 inch by 7 inch 'shooting slot' and primed the oil dispenser. Homi took the M249 SAW out of the spare tire compartment and took it 'off safety' and selected 'cyclic' knowing that the limp-wristed friends of the SOWs would not wish to see 900 rounds per minute exiting the Limo rear license plate. Cowards.

Stone had shared the 'Abort Order' with Chips, Hamish and the others after having authenticated 'biscuit'. Following the authentication an immediate clipper call was received by Chips, Stone and Homi from Spanner who had been flown in from Amsterdam's Krasnopolsky Hotel just two days prior. His flights from Schiphol to Memphis and Memphis to New Orleans had allowed him the opportunity to join the FBI fellow with a kindred spirit. Spanner [ photo of 'Sonny' ] who had several interesting day jobs had been a BVD operative since the mid 80's and had worked closely with Chips, Chic Burlingame, Fish DeConto while Chic was assigned a 'cover duty' working closely with a North Dakota ANG Brigadier General who had been sent, on active duty, to the Pentagon.

Chips and Chic had first met at the US Naval Academy as plebes in the hot and humid summer of 1967. Now as BVD and KGB were cooperating with Operation Moray things were going to get very difficult for the ShadOW government recently installed to destroy America prior to 2012. Spanner's clipper call indicated that a female body had washed up the morning following the recovery of the BlackBerry and that female was 'one of ours'. She had left a 'suicide note' on the pier before she entered her watery grave; however not before attaching 12 cinder blocks to a chain that was locked onto her left ankle with a manacle and not before shooting herself twice in the left temple, despite the fact she was right handed. This method of dispatching herself was eerily similar to the way that Conway LeBeau had been killed at Waco in 1993; the way Ron Brown had been killed prior to the crash of the T43 in 1996 and the way Vince Foster had committed suicide in Fort Marcy Park and then jogged over to the capitol steps to add an element of 'theater'.....or as the Brits might say 'theatre'.

As Stone kept the Limo at 3mph over the limit he headed east, then northeast, leaving Kenner Louisiana's Louis Armstrong airport in the rearview mirror. The display on his Sirius radio, which had been modified to display Abel Danger messages indicated that Sugar Britches had recovered the team assets from Pat O'Briens and that there would be a meeting at the Slidell exit where the teams would be separated into a tri-lateral package of deployable teams, not to be confused with the Tri-Lateral Commission, the Skull and Bones, or the Bilderbergs who sat on the receiving end of Operation Moray, along with the recently 'installed' ShadOW government. Chips had convinced Abel Danger that the real enemy of the American people and American Sovereignty was what he called the ShadOW government. He coined the term because the SOWs who led the assault on America had been 'had' when Abel Danger got inside the cyber security advisor to POTUS 43 and 44. So by combining SOW and had, Chips had put a label on these perverts that the American people would soon be getting their heads around. While SOW actually had a secure meaning, on the service it seemed to refer to the very ugly leaders

which included [ Bernard Dorn, Thunder Thighs, Gorilla Women, Sasquatch, Lavender Merkin, Miss Budweiser, and Leanora Zell Wangpuller ].

Lavender Merkin was a late entry as Queen Hornet had decided to turn 'state's witness' along with King Cyber and the 'heir apparent' to Robert Swan Mueller, III. That name, by the way, is a random selection from the Philadelphia phone book along with Clinton-Rubin, Sidley-Austin and the randomly selected radio station call letters KPMG.

Chips eagle eye noticed that the last period of the paragraph above concealed a microdot with the following message and pic for all ADuc's microdotties.

*“Sidley Women Acorn Group (‘SWAG’) arranged IPO of KPMG Consulting in February 2001. Cisco put in \$1 billion worth of Entrust links to backdoor SWAG-KPMG clients for the 9/11 attack. Sidley merged [Barents Group](#) in 2000 with KPMG and then changed name to BearingPoint to privatize gold mines in Uzbekistan through offices in Tashkent. Sidley and US Agency for International Development (USAID) gave BearingPoint contract in Afghanistan after the collapse of the Taliban to advise the government in 2003 on setting up the drug trade in Afghan Ministries of Finance, Telecommunications, Economy, Commerce, and the Central Bank, Parliament and office of the President all with Entrust money laundering links to BC Office of the Premier and someone with initials PK (I)”*

Chips kept having to look up from his microdot to make sure Stone kept the Limo at 3mph over the limit. Homi signaled from the trunk that the AQFB27I indicated a threat closing from the rear. The threat display was sent remotely to the right vanity mirror in the sun visor. Chips and Sable turned towards the mirror and read, as did Stone, the text and analysis from Homi's AQFB27I. "Bearcat signal, closing from stern with 20 mph overtake, 3 miles in stern, ready oil dispenser". Chips suggested to Stone and Homi that

they wait for a visual contact before deploying the WD40 and Valvoline 15w40 mixture. Chips understood that Sugar Britches would be hauling assets in his 1937 White Model 206 14 passenger tour bus. As Sugar Britches had a Louisiana Highway Patrol donation sticker on his left rear bumper Chips understood that old Sugar Britches wouldn't be getting hounded by the donut eaters in their Impalas, Crown Vics or whatever Chrysler may have provided the Louisiana State Patrol.

As the single hi-beams became visible in Stone's rearview and Homi's shooter's slot, sure enough, it was Sugar Britches punishing the LT1 powered 1937 White to the tune of 93 mph.

Homi took his right index finger off the SAW and his left index finger off the oil dispenser. Duke, a wolf-shepherd cross, relaxed his ears that had been laid back by the sighting of the oncoming headlights. Stone relaxed and slowed the limo down to 70 mph as the 14 passenger Yellowstone National Park tour bus stuck like glue to Stone's rear bumper. As the two vehicles made a slight right turn to head towards Gulfport-Biloxi airport they saw the welcoming lights of Big John's Moving truck stop off to their right. As Chips and Sugar Britches slowed to exit they could see Diehard's truck waiting in the overflow parking of the truck stop that was doing a land office business as gear jammers from across the country stopped for a chicken fried steak or biscuits and gravy.

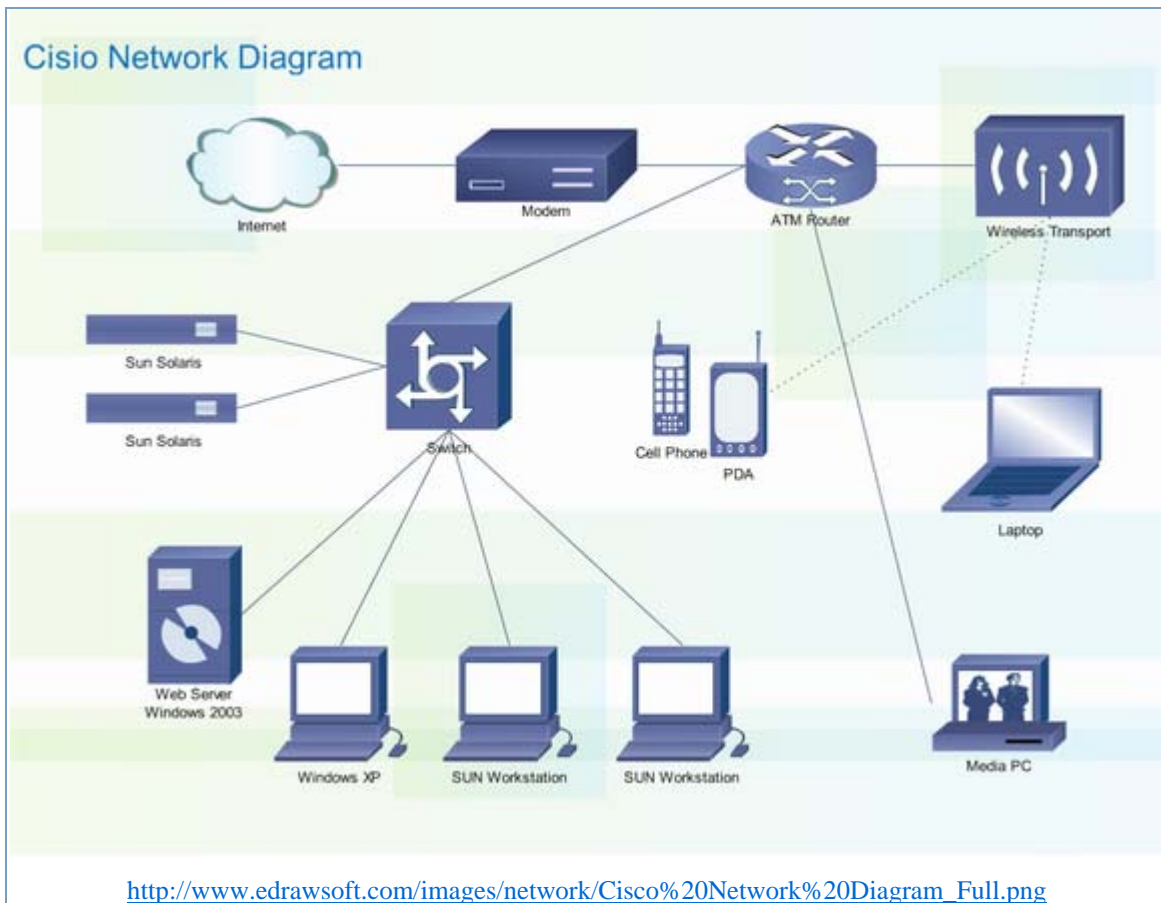

As the two vehicles stopped along side Big John's cabover, Homi located the 'four corner shooters' deployed around the truck, two units in the woods, one in the sleeper of a conventional Freightliner and the fourth in a chartreuse mini bus reminiscent of C.W. McCall's "Convoy". Homi signalled Chips that security was intact and he and Duke hopped out of the trunk. Stone, Chips, Sable and the Limo riders joined the 14 passengers from Sugar Britches' 1937 White and entered Big John's Moving trailer from the 'woods side' so as not to be seen from the cafe or the interstate. Once inside roll call was taken from the first, nearly all complete, meeting of Abel Danger since just prior to 9-11. The only two absent were Amelia, remoted out of the Crownsville, Maryland Rams Head Road House, and the suicide victim in the New Orleans morgue. Hamish called the meeting to order at 1800 straight up. As Hamish referred to 5 single words written on the inside of his left palm, Stone ensured that Amelia's voice and image was visible and audible on the AQFB27I 'bowling ball' centered between Hamish and Chips at the head table. Chips asked Hoss to open with a prayer, and Hoss obliged.

"Dear Heavenly Father, to whom all deeds are known, and all hearts revealed, please guide us as we seek to do your will in our lives for Your glory. The Octopus has vast wealth, but Your Word tells me that if we have the faith of just a mustard seed that we can move mountains. Search us, Lord, and test us. You have prepared us since you created us for this moment and according to Ephesians 6, you have provisioned us for this Battle, the Victory of which will be won by You, according to Proverbs 21:31. In Jeremiah 5:31 You rightfully fully ask what we will do in the end. God, in the end, those who You have called and those called by Your name will stand according to your instruction delivered through Paul to the Church in Ephesus: 10 Finally, be strong in the Lord and in his mighty power. 11 Put on the full armor of God so that you can take your stand against the devil's schemes. 12 For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and

against the spiritual forces of evil in the heavenly realms. 13 Therefore put on the full armor of God, so that when the day of evil comes, you may be able to stand your ground, and after you have done everything, to stand. 14 Stand firm then, with the belt of truth buckled around your waist, with the breastplate of righteousness in place, 15 and with your feet fitted with the readiness that comes from the gospel of peace. 16 In addition to all this, take up the shield of faith, with which you can extinguish all the flaming arrows of the evil one. 17 Take the helmet of salvation and the sword of the Spirit, which is the word of God. 18 And pray in the Spirit on all occasions with all kinds of prayers and requests. With this in mind, be alert and always keep on praying for all the saints.

19 Pray also for me, that whenever I open my mouth, words may be given me so that I will fearlessly make known the mystery of the gospel, 20 for which I am an ambassador in chains. Pray that I may declare it fearlessly, as I should. Heavenly Father, be with us now as we endeavor to do Your will in our lives for Your purpose. Surround us with Your protection, Dear God, as we attempt to earn the redemption of our nation, a nation that was once under God, but has since fallen away. In II Chronicles 7:14 You tell us how to gain the Saving Grace of God for the United States of America, so Help us God as we proceed in the Faith of your son, Jesus Christ, who taught us to pray The Lords Prayer.

As Hoss found his seat with tears in his eyes, Hamish and Chips stood. Chips thanked Hoss for the prayer and reminded Hoss that 'one man with God is a majority'. Hamish also thanked Hoss and began his texted briefing at precisely 1807.

*“Talleywhacker arson fire in Australia coordinated by KPMG alumni. They kill lots of Christians and destroy a church or two as in 2008 Kenya and ongoing "Operation Hide the Birth Certificate". "Intranet Explosive Devices" IEDs helo'ed into bush for remote ignition by Radarsat to vaporize victims and evidence of MindBox mortgage-backed securities frauds; same MindBox that allowed Judge O'Brien to take Chip's farm in a corrupted Chapter 11 proceeding in Minnesota in 2003, specifically 27 May, 2003. *"Sidley and KPMG hired Rudd in 1995 to work with China's military leaders and build a Cisco Entrust network of remotely-triggered routers, bombs and incendiary devices to attack U.S., Australia and their allies around the world. China's Talleywhackers installed on WAN interface cards, Otis elevators and Boeing 787 and Bombardier aircraft. Watch for cancellation of B787 orders or conversions to the B777 which did not have Chinese produced 'wing boxes'. Lafayette frigates Taiwan same scam. Amelia's taped and sworn testimony in deposition regarding Pelosi's SBA-Cisco-San Jose Entrepreneur Center and how in October 2000 passwords were provided to plug into the 'Virtual Pentagon' presuming passwords were in the custody of Woman-Black-Latino-Asian-GLBT whiners while prohibiting any heterosexual male or happily married housewife and mother access. It's almost as if the 11% of USDOJ Pride side show freaks were all stationed in the Gay Bay area. Amelia suggested some Paul Pelosi Cisco "Power Point Leaks" may occur in Chip's Minnesota, Bush's Texas, CIA's Colorado or Arnold's California. Amelia deposition recorded in these handouts which Stone and Tango will be passing out now."*

As Hamish was prepared to sit, he called upon Chips to inform Abel Danger of a recent Clipper call that went to the Joint Chiefs, the state's Adjutant Generals, as well at key personnel in the US and Royal Marines, the Ghurkas, Aussie and Brit SAS as well a the RCMP in Canada and a select few senior Canadian officers nominated by Maurice Baril and endorsed by Pierre Roach of Goose Bay, whose CF18 photo is on the home page of McConnell International LLC. Also by 1 April this google search will be immensely popular [ Serco + Willie Card + Clinton-Rubins + KPMG ] which are four unrelated items found of 4 pages of the Philadelphia phone book while searching for listings of Gnik Darb or Amer Mushtaq Butt. The Muslim Butt had a penchant for burning girls alive, according to KPMG [embedded] agents of Abel Danger in France.

As Chips rose to address the meeting at 30 minutes past 6 p.m., straight down, he commented "Jackson Hole has authorized a change of prosecution regarding Operation

Moray. As of this moment our campaign supporting Mother Moose in her targeting of the Acorn Abortionists is set aside as Rico Gambolini has asked for support from Abel Danger for a project currently referred to as "Olympic Debt and Tontine Death Squad".

Here is Rico's message and pics authenticated through a Blowfish encryption module in BDD 11.

Chips continued, "We will now break into three groups for our assignments and logistic briefings. Tango, Stone, Dwarf, please hold up the cards."

Tango held up a blue card with "Chips, Nano, Diehard, Hoss, Tango, Spanner and Sluggo" written in white.

Stone held up a white card with "Hamish, Stone, Skymaster, Waylon, Ariel and Amelia" written in Red.

Dwarf held up a red card with "Fish, Caffrey, Louisiana Blue Boy, Chief Red Jacket, Dwarf, and Homi" written in blue.

As the Blue Team surrounded Tango to get their assignments, Sluggo passed out 7 3 X 5 index cards with a single line entry:

*“A340-HGW awaits at Gulfport, follow me to LT1, leave all baggage except Clipper-sat-cells behind, hurry.”*

As the Abel Danger team exited Big John's moving van, Stone handed each a 4 X 6 card with 3 quotes and a scripture printed on them.

*“I do then with my friends as I do with my books, I have them but I seldom use them”*  
Chips 1967 Punahou Annual. That quote was 12 years before Purple Barney, the Kenya Kid, graduated from Punahou ..... alma mater of Chips and

*“To laugh often and much; to win the respect of intelligent people and the affection of children...to leave the world a better place...to know even one life has breathed easier because you have lived. This is to have succeeded. Emerson”*

*“Owners of capital will stimulate working class to buy more and more of expensive goods, houses and technology, pushing them to take more and more expensive credits, until their debt becomes unbearable. The unpaid debt will lead to bankruptcy of banks, which will have to be nationalized, and State will have to take the road which will eventually lead to communism.” Karl Marx, 1867.*

Psalms 71:19-21 was printed in red at the bottom of the card. All Abel Danger Assets understood their new mission being rolled out as AMALGAM AMERICAN SURGE to confound and block OPERATION TRIDENT of Faction One. Factions Two and Three were unified in their resolve to remove the Squatter, prevent the Plum Island Trio, forestall the Chinese Firecracker and identify the killers of any jogger in a park in Vancouver who becomes the victim of a "random violent act".

Chips head began to spin and he decided the team had to start a new book “Olympic Debt and Tontine Death Squad” and pre-empt the evildoers before February 2010 when the Winter Olympics was scheduled to be Round Two of TOPOFF AMERICA.

He knew Abel Danger could do it again, but would they have time?

While he contemplated the timing, simultaneous clippers came in from Amelia and Rico; Amelia informed Chips, Hamish and Fish of the FBI guy ready to take the reins and Rico Gambolini identified the target of the 'park jogger sanction' meant to ensure swift repayment of Olympic Debt after the Vancouver 2010 Winter Games.

Settling into the back of the LT1, Chips saw a concerned Army 4 star seated with Hamish. They were examining what looked like a trilaminar credit card, labeled 'JCS-ACA Entrust ePassport', issued to senior officers by the Clintonista State Department for automatic conferencing with their Virtual President's Black Berry.

The 4-star had cut along the edge of the card to reveal a visco-elastic middle layer reminiscent of the patented Smacsonic material used by SWAG to vaporize United 93 near Shanksville Pa. and 343 pre-insured firefighters in the Twin Towers on 9/11.

Realizing the danger, Chips took out his cel phone ending in 1910 and entered the code 3-3-3-# to disable the Tallywacker.
