Hawk, Dancer and Moshe mobilize V2POTUS. Chips has US Naval Observatory patch into Northern Trust's credit pool archives in New York and Chicago. He briefs PS at 219 Dearborn. After the 2nd chat with VPOTUS43, Chips knew that his approached needed to be like a Trident. One prong needed to pierce the RICO enterprise in Chicago, one prong needed to pierce ACORN's genocidaires in New Orleans, and the center prong needed to plant more disharmony and envy inside hedge-fund managers of Northern Trust global credit-pool network. They had put a federal child care center for infants at 219 Dearborn to extort government tenants; same way they silenced the ATFE teams in

the Murrah Building in 1995. Dancer challenges Chips to find lyrics that tie ACORN credit pools to blown levees or ACORN Arkancide in New Orleans. Google clues 'MindBox' 'Windpool'. Listening devices pick up mention of Northern Trust hedge fund bet while Ratkey blew the levees; top secret clearance for General Dynamics' Mumbai bribe; extortion by Obama, Dohn, Ayers and Rezko's Syrians; Northern Trust mortgage to blame Katrina on Bush; Acorn abortion clinics where Soros handles 'waste'; GMAC ran patented Twin Towers scam; why Waco, Murrah got blown with kids inside and, last but not least, evidence of infanticide for hire. The AC46K rolled onto 31 Right. Tony's Pizza truck drove downtown with Roland and Rhonda Rats and MI3's 'Sir John' – a robotic Blind Squirrel – in the cab. The sirens then went silent. A knock knock was heard as the truck parked in the Operation Concierge bunker under 219 Dearborn.

.....

Chips spoke briefly with #2. It was the first time since the 12-26-03 that the two men had had a private 'chat'. The day after Christmas, 2003, Air Force 2, a B757, a USAF C9B, and an A320 were all parked at Jackson Hole Airport, Wyoming. A very interesting face to face occurred at the "Sidewinder" which was a popular watering hole that offered more privacy than the Million Dollar Cowboy Bar.

That year Hoss had been hired to play Santa to provide extra security for the night of 12/26. Hoss had been wired by a DEA friend who enjoyed flying around with Chips. While Sluggo played Santa at the Million Dollar Cowboy Bar, Hoss was inside the Sidewinder sitting in the right rear corner while Stone and Narc sat in the left rear corner so they had two potential fields of fire toward the front door. Homi and Duke were positioned behind the Sidewinder just incase some 'Back Door Man' didn't like #2 and Chips meeting without the easily identifiable SS men hanging around. There was a shooter also positioned behind a bottle of Jameson that appeared half empty, not to be a pessimist. Intel was 'live' with Fish positioned at the Rams Head in Crownsville, Maryland, Moshe in Tel Aviv and Dancer playing home plate. It was this same Rams Head where Hamish, Fish, Chips and Amelia would be on NYE, 12-31-08.

After the 2nd chat with VPOTUS43, Chips knew that his approach needed to be like a Trident. One prong needed to pierce the RICO enterprise in Chicago, one prong needed to pierce ACORN's 'genocidaires' in New Orleans, and the center prong needed to plant more disharmony and envy inside DOJ Pride and the hedge-fund managers of Northern Trust global credit-pool network. These were the people who had bugged 219 South Dearborn Street Chicago to neutralize investigations by the U.S. District and Bankruptcy Courts and Court of Appeals. They had put a federal child care center for infants at 219 Dearborn to extort government tenants. Chips remembered how they silenced BATFE teams in the Murrah Building in 1995 and Waco in 1993. These people thought they had avoided detection prior to Lizard's loosening her lips and the ADUC hack into Operation Concierge communications links between Hamish, Chips and Patrick Fitzsimon. Or was it Simon Fitzpatrick? Just watch and listen to "We Won't Back Down".

The collective contributions of genuine heroes such as Ray Benavidez [Army, Texas, Viet Nam], Ira Hayes [Marine, Arizona, WWII], Audie Murphy [Army, TX, WWII], Chappie James [USAF, Florida, 3 wars] or Glenn McConnell [Marine, California, 3 wars] is not going to be wasted by limp wrists like Bill Ayers, the Dope from Hope – the

\$500 haircut king of ketchup – or the band of “long [un]cool women in the black dresses, capeche?”

At 0600 on 12-31-08, a 1970 Mercury Fulminate with Colorado plates GBB2439 was parked next to a Tony’s Pizza Truck on Dearborn Street in Chicago. As Homi and Duke kept things cool with Mr. Glock and some big teeth, Hamish, Tango, Fish and Chips sat around a table set up in the van body of the pizza delivery truck. Centered on the table was an AQFB-27K with a maroon towel over it. A fake Rodin displayed on the front end of the van body, inside looking directly aft, was also covered with a maroon towel. Both towels had WG in gold letters.

“Nice towels Tango, from your private collection I presume” quipped Hamish.

“Don’t ask, don’t tell and don’t PMO Hamish”.

As Hamish’s head went backwards and forwards, Tango whipped his bull neck around and said “Hey Fish, get over here for a little 5 card stud”. Fish turned around with his Groucho Marx nose, moustache and glasses and sat at the open spot. Before each man were 5 cards, face down. As Tango dialed in Moshe, Dancer, SWAN-E and Patrick Fitzsimon, he adjusted the transmit and record levels to ‘7’. “Test” was all he said.

<http://i4.democracynow.org/images/story/03/103/DOJpride.jpg>

<http://cghs.dadeschools.net/holocaust/ovens.jpg>

From an unseen speaker “Shalom” indicated that a 64 year old holocaust survivor read the transmission loud and clear which is different from USDOJ-Pride ‘proud and queer’.

“Dancer, Simon, SWAN-E and Moshe: we have received your Intel bullets so the 5 card stud game will begin now, video enabled at the hack. Hack.” spoke Hamish as Tango enabled the video feed. Fish removed the maroon towel from the 27 Kilo.

“Hamish will draw first, followed by Tango, Fish and Chips” said Fish. “Hamish, your play.”

“My most significant item in last 12 hours is from Dancer at home plate. She sends word that Gaza wounded are going to Iran for treatment. This is prophetically significant as Iran has offered to put personnel on the ground in Gaza which would be a ploy

enabling them to attack Israel when the Iranians nationals would become mortars” reported Hamish.

“It would appear, then, that the Iranians and the Gaza squatters haven’t read Hosea 4:6 or Proverbs 21:31, to wit. People are destroyed from lack of knowledge and though weapons may be deployed, it is our Lord who gains the victory. Israel is promised to survive and that does not refer to the PROMIS software stolen and then deployed against US military forces by the Merkinded Monsters of Midway who we do battle with today” was Tango’s first card.

“Further, IDF sources indicate that Egypt is currently engaging Palestinians on the Gaza border to keep them out of Egypt. Egypt learned a lesson in the time of Jeremiah, in Jeremiah 41 if I am not having a senior moment.”

[Jeremiah 41:16](#) [Flight to Egypt] Then Johanan son of Kareah and all the army officers who were with him led away all the survivors from Mizpah whom he had recovered from Ishmael son of Nethaniah after he had assassinated Gedaliah son of Ahikam: the soldiers, women, children and court officials he had brought from Gibeon.

Fish reviewed his 5 cards and opened with “During my war the USS Repose sat off the coast of Nam and was a floating hospital in effect. If Iran, Gaza, Syria and others are foolish enough to act against God’s chosen, they better get all the hospital ships out of mothballs, over to Chips.”

<http://www.fightingcolors.com/custompagestuff/b24dnif.jpg>

“In 1973 Skunk Baxter and Steely Dan did ‘Reelin in the Years’ while I was aiming for VF211 type F8Es like those flown off the Bon Homme Richard by the ‘Flying

Checkmates'. Skunk left music behind and works in DC in missile defense while I left Crusaders behind and work with D.N.I.F.”.

Hamish played his second card. “Simon and SWAN-E are preparing a case against some folks that can be found by googling “madoff + mob + ACORN + Mellon + bailout” which should redirect their gaze to a fishing boat in New Jersey and an ACORN office gutting homes in New Orleans. Matthew 25:40 applies here.”

As Tango drew his card and revealed it he said “From Moshe in Tango Alpha we have word that the IDF YouTube video seen by 10,000 in the first 24 hours has been ‘pulled down’ by offended Arabs. Well pardon me, but the flying events of 9/11 were rumored to be orchestrated by some offensive Arabs so let’s get a new 9/11 commission going and send the Gorilla Woman for an elevator ride.” <http://www.youtube.com/user/idfnadesk>

Fish flipped a card and reported “I was ‘twittering’ on the Argus Leader website today and I see that an anonymous donor of \$750,000 has enraged some nimrods in South Dakota. How can South Dakota object as ACORN is spending millions to kill babies around the world once again making me think a trip to the New Orleans ACORN office might be a worthy train ride”.

“Pardon my interrupting Fish, but did you say train ride. Wouldn’t a jet be better?” asked SWAN-E from the 27-Kilo.

“Not in this case Director, I believe the super-modified Tony’s Pizza Delivery truck might be less visible if it was on a flatbed car riding south on the City of New Orleans. Beside, Hamish doesn’t like airplanes much and he is chatting with the ACORN man in New Orleans ‘as we speak’”. Fish therein suggested that a real Rodin must be deployed in the NO office of ACORN. From across the table, Tango smiled.

Kenyan-born OBAMA makes history...wins presidential nomination of U.S. Democratic party; eyes on White House....

<http://citizenwells.files.wordpress.com/2008/06/barackbama08usafrika.gif>

Chips flipped a card and read “From Herb E. Vore in Almighty, Icaristan comes the reminder that the anti Christ who will be forming one world government and one world

religion will be coming from Europe. Keep in mind that in 1961 a Kid was born in Kenya while it was a British protectorate.”

Hamish flipped a card and spoke briefly “GMAC \$5 billion”.

Tango reminded them “Priscilla Shoe-Forte has committed to flying in for the New Years vigil with Lay Pastors Clinton Reubens, Sluggo and Peter the Pastor Pilot tonight at 8 PM following the 1700 landing of ACE 1 with the 8 creeps known as the Lengthy Portion 8. Priscilla is hoping that Fargo still has an F16B that could pick her up as they did on 9/11 with a Hooligan B model had Jacoby of NY FEMA in the back seat of a Viper hawking the carnage in New York City. Strangely, on 9-12-01 the 4 photos on the front page of the of the Pulitzer prize winning Fargo Forum were the NYC carnage, President Bush, Osama, and Chips.”

Fish flipped a card and cautioned “You guys are making it ever more likely that you may disappear just as did Lance Corporal James W. Jackson, Jr, USMC”.

<http://cache.daylife.com/imageserve/0eYoakqg3DgM8/610x.jpg>

Chips flipped his card, smiled and said “Time to lighten up a little boys; let me show you photos of a woman with the ‘biggest boobs’”. While SWAN-E, Simon, and Moshe leaned into their 27-K feeds for “close scrutiny, a 64 year old grandmother in Geneva prepared herself for a dose of ‘boob envy’ wondering who could be a bigger boob that anyone voting for a Kenya presidential candidate. Chips explained that he had got the photos after Hornet’s 8(a) de-moc-rats had nibbled at the Department of State files to compare content with USIS, KGB and Able Danger records on Rice, Biden and Obama.

Hamish raised his eyebrows as he revealed his 4th card saying “Dancer has challenged Chips to find lyrics that tie the ACORN credit pools to New Orleans’ blown dikes or levees and Arkancides. Google clues ‘MindBox’ ‘Windpool’ and over to you Chips”.

<http://gallery.photo.net/photo/5611344-lg.jpg>

“Dancer needs to listen to American Pie by Don McLean and Every Now and Then by Mac Davis to see “.. drove my chevy to the levee but the levee was dry” and “every now and then a blind squirrel finds an ACORN. Dancer would be comforted to know that Q at MI-3 has provided a Blind Squirrel robot to join Roland and Rhonda tonight for the prayer vigil outside the Dearborn Street Deathhouse.”

“Those dummies at ACORN, Sidley Austin, and Clinton-Rubin must think we all used fluoride toothpaste” offered Tango after Chips had interrupted and apologized. A befuddled Hamish quickly Googled [fluoride + IQ] and made a mental note to check the fluoride levels of New Orleans, Chicago, and New York City. He also harked back to a 1937 suggestion by the racist Gamble of Proctor and Gamble which gave a different spin on Northern Trust’s Hurricane Pam experiment in New Orleans with 60,000 simulated dead blacks.

*“Margaret Sanger Would Have Loved Barack Obama by Rev. Clenard H. Childress, Jr. .. eugenic ideology and the racist practices of **Planned Parenthood** .. diabolically perpetrated their murderous plot to surgically eliminate those they deem undesirables .. kill the babies of unsuspecting minority women by aborting their children . Then, tell them this is a “good thing” for you and your people. No other ethnic group in the United States has been decimated more by abortion than the Afro-American community. The war being waged upon innocent captives in the womb is led by Planned Parenthood .. Clarence Gamble, from Margaret Sanger wrote, "We should hire three or four colored*

ministers, preferably with social-service backgrounds, and with engaging personalities. The most successful educational approach to the Negro is through a religious appeal. We don't want the word to go out that we want to exterminate the Negro population and the minister is the man who can straighten out that idea if it ever occurs to any of their more rebellious members." Barack Obama became a "minister" of Planned Parenthood a long time ago. He's so good at carrying out their racist murderous agenda against Afro-Americans and society at large that they gave him a 100% score on his voting record .. Who is used to lure children and give credibility to its hideous plot? Barack Obama, that's who!"

Fish flipped his last card and commented "When I was twittering on the Argus Leader website this morning I saw Swampscott, MA, Livonia, Arkansas and Port Mann BC were linked to the Merkined Monsters of Midway. I am having a little trouble googling a connection, any ideas?"

Tango pointed out that Swampscott, Livonia and Port Mann all had good guys with lots of unregistered ammunition. Tango also opined that with 2 of the Joint Chiefs, all of the Army AGs and some of the Air AGs directing him, Kid Kenya would not dare to go back to the Hungarian Jew. Tango then pulled out some Wikimapia still shots and a bottle of Harp Lager. He laconically commented "Add an A and do the math. Further, he will be working all day to terminate and index the mortgage mess, revitalize the big 3, and put more downward pressure on OPEC."

Hamish suggested the Kid from Kenya had never done an honest day's work in his life while Chips, also a Punahou Grad like the Kid from Kenya pointed out "The US today has the ability to curtail purchases of artificially high priced crude from the Arabs."

"What makes you think so Chips" asked Fish.

"Google [Bakken + Palin + Tioga] and if you don't get it, stop using Fluoride toothpaste."

The clock on the wall indicated it was time to wrap in advance of the 0900 prebrief. As if to strengthen themselves for the battle laid before them, Fish and Chips opened Grant R. Jeffrey's two best selling books "The Signature of God" and "The Handwriting of God". Hamish went backward and forwards while Tango covered the 27-kilo and disabled the video feed. With the second WG towel he next covered the fake Rodin before commenting: "Is that the same guy who wrote Triumphant Return?"

<http://www.armageddonbooks.com/triumph.jpg>

Chips answered solemnly “Yes it is Grant R. Jeffrey who along with Hilton Sutton and John Hagee might be the Pastors in America who are the most truthful; time, eternity and God himself, will tell.”

The meeting adjourned so that those attending could review messages prior to the 0900 pre brief and the 1000 briefing, which both occurred and were reasonably uneventful. By 1400 Dumbo was in the approach sequence at Midway and the Lengthy Portion 8 as well as some faithful servants who were assembled at Slick Airways’ Hangar at Midway Field. At 1450 the Lengthy Portion 8 boarded Dumbo and at precisely 1500 the heavily modified AC46K with the callsign Ace 1 was rolling down runway 31 right at Chicago Midway. As two private flight attendants ensured the 8 were well catered, Skymaster in the left seat and Tango in the right seat did they pilot and sensor operator stuff, while Dwarf in the E&E bay lowered the MAD boom and deployed the trailing antenna. While Ace 1 flew up the coast line of Wisconsin to begin the tour near Green Bay working south to the Miracle Mile, Coach and Fish were positioning the S-80 prototype and remaining at periscope depth. Fish had communications linked to Buckley ANGB, Colorado and Alice Springs.

“Ladies and gentleman, thank you for selecting Commando Solo for your touring needs this afternoon. While two of the finest flight attendants in North America cater to your every desire rest assured that myself, Captain White, and Captain John Procop have your safety, schedule and comfort in mind with no unnecessary concerns of economy like the beleaguered US airline industry is burdened with. Sit back, relax, enjoy a glass of Merlot and some caviar, and enjoy viewing the Lake Michigan shoreline all the way from Door County to Chicago. We have turned off the fasten seat belt sign so feel free to impersonate Southwest Airline passengers.” After Tango Whiskey had finished the drivel, he activated the listening devices in the flower vase and in the restroom tissue dispenser. He also activated the cameras in the conference area, the powder room and the private bedroom at the rear of the cabin of the AC46K. Out of ‘gopher mode’ and back into the real world, Tango saw a clipper up on the MCDU. Grabbing his mutating feedhorn clipper, he responded “Tango, secure, go ahead”.

From the Pizza delivery truck Hamish requested an elevation of volume on the conference room mic. Tango obliged. As the clock on the wall indicated 1520 local

Tango saw the first few bumps of the VU meter and so he enabled record, enhance and broadcast and ensured that the private conversations of the Lengthy portion 8 was available in every board room and bed room in North America. Way down yonder in New Orleans a real Rodin in Ratkey's office started spewing the truth in such minute detail that the ACORN representative actually thought of calling Hillary for advice then remembering that she and her husband were in NYC for the ball drop he realized he had to get through this Maalox moment alone. At 2111 West Roosevelt the Chicago office of the FBI was listening and recording as was the office of Simon Fitzpatrick immediately across the street from Sidley Austin. And their time and attention was not wasted. The Lengthy portion 8 offered up the following sound bytes:

- 1) *Lizard woman mentioned Northern Trust hedge fund bet while Ratkey blew levees*
- 2) *Lester Crown mentioned top secret clearance and General Dynamics' Mumbai bribe*
- 3) *Richard Daley mentioned extortion by Obama, Dohrn, Ayers and Rezko's Syrians*
- 4) *Rezko lawyer said Obama got Northern Trust mortgage to blame Katrina on Bush*
- 5) *Blago reminded everyone of Acorn's abortion clinics where Soros handled 'waste'*
- 6) *Sidley Austin "Lavender Merkins' mention GMAC ran patented Twin Towers scam*
- 7) *Boeing's Mr. Big reminded everyone why Waco, Murrah got blown with kids inside*
- 8) *Blago reminded everyone he wasn't stepping down – evidence of infanticide for hire*

As the AC46K approached the 'Miracle Mile' a voice of reason from the cockpit announced "Ladies and Gentleman, it has been our pleasure this New Year's Eve to host you aboard our AC46K owned by Dreamworld Studios in Joint Partnership with a Fargo Collector. If any of you would like to have your photos taken with Captain Procop, Captain White or either of the flight attendants, Natalya Antonov or Natalya Tupelov, please indicate your preference prior to deboarding the aircraft. We will be landing at Midway in 10 minutes, please ensure all electrical devices are turned off, except ours. Thank you."

With the AC46K rolling onto 31 right by Skymaster, Sluggo, Clinton Reubens, Chips and Pamela Shoe-Forte huddled in the back of a Tony's Pizza truck at 219 Dearborn Street, between the law firm Sidley Austin and the offices of Simon Fitzpatrick, or is it Patrick Fitzsimon. Sluggo closed their meeting with a brief prayer that God would bless their efforts and their faithfulness and cause many to come to a personal relationship with God the Father and Jesus the Saviour. As Priscilla, Chips and Clinton echoed their

'Amens' Homi started the big diesel motor and Duke seemed to agree that the time to move had come. Also in the cab this New Years' Eve were Roland and Rhonda Rats and MI3's 'Sir John' – a robotic Blind Squirrel – who would search for Acorns high and low. Meanwhile, in Kankekee, Illinois, a collapsible Tony Pizza truck was being loaded onto a flatbed car to be car #16 on the southbound odyssey of 12-31-08.

Chips looked at his watch and realized he was missing a great radio show out of Fargo, North Dakota. AM 1100 'The Flag' had gone live in the fall of '08 and there was a broadcaster with whom Chips had been interviewed after filing Civil Case 3:07-cv-24. In the interim imposed by time the radio personality had changed stations while Chips had changed nations after the failure of ALPA to stand behind FAR 121.533 caused Chips, a 29 year veteran pilot with a flawless record, to fly in the Muslim nation of Icaristan. The list of stations seeking participation had now expanded from Jack Stogwell's show from Moab, Utah to Pastor Ernie in Cleveland, Ohio to Scott H in Fargo, North Dakota to Eddie Schultz from Fargo and Washington. It almost seemed to indicate that the media was realizing that the whistleblowers were destined to defeat those who served the Hungarian Jew and others intent on destroying America and dishonoring God. Capeche?

As Chips was dialing in 1100 AM and 106.9 FM on his Clipper Squirt Gun, the sound of multiple sirens distracted his attention and he momentarily was panicked, however he then remembered the words spoken to him by the Pastor from the Fertile Winger area of Minnesota: "Trust in Him at all times, O people; pour out your hearts to him, for God is our refuge". The Truth of Psalms 62:8 caused Chip's heart to be calm and trusting. The sirens then went silent and a knock knock was heard on the back door of the van body on the Pizza Truck parked in the Operation Concierge bunker under 219 Dearborn.
